EDUCATION

VISHWAKARMA UNIVERSITY

B.TECH COMPUTER SCIENCE

CGPA: 7.1

July 2018 - July 2022

Pune, India

EXPERIENCE

TECHVISION | SOFTWARE DEVELOPER INTERN

April 2022 – August 2022

- Expertly utilized industry-standard tools like Postman and Insomnia to seamlessly extract JSON data via APIs.
- Transformed extracted data into a robust MySQL server database, ensuring optimal data integrity and security.
- Collaborated closely with a seasoned Senior Developer to integrate the data seamlessly into a Laravel PHP backend using RESTful APIs, enhancing system functionality and performance.
- Created an intuitive user interface on the ReactJS front-end, leveraging fetched data to deliver an engaging and seamless user experience.
- Implemented FusionCharts, a powerful charting library, to develop visually appealing and interactive charts for data visualization, facilitating data comprehension and analysis.

SKILLS

PROGRAMMING LANGUAGES

LIBRARIES/FRAMEWORKS

TOOLS / PLATFORMS

DATABASES

ReactJS, JavaScript, Python, HTML/CSS, NodeJS

Redux, Axios, Bootstrap CSS, Tailwind CSS, Material UI

Visual Studio Code, Tableau, Insomnia, Postman

MongoDB, MySQL

PROJECTS / OPEN-SOURCE

PORTFOLIO WEBSITE | [LINK](#)

ReactJS

- Developed a personal portfolio project using ReactJS, showcasing skills in front-end web development.

CRPYTONET | [LINK](#)

ReactJS, RapidAPI, Redux Toolkit.

- Crafted a robust web app that seamlessly integrates data from diverse APIs, enabling users to access and explore a wide range of cryptocurrency activities.
- Employed Redux Toolkit, a powerful state management library, to efficiently handle and organize the app's complex data flow, ensuring optimal performance and scalability.
- Leveraged RapidAPI's extensive collection of APIs to gather real-time and historical data

POKEDEX | [LINK](#)

ReactJS, Bootstrap, REST

- React-based Pokédex application utilizing PokéAPI for browsing, searching, and filtering Pokémon.

CERTIFICATIONS

- Accenture Developer Program - **FORAGE**
- Front End Developer Learning Path - **LINKEDIN**
- CSS, JavaScript Python Complete Course - **UDEMY**
